Note: Students who were enrolled in schools that closed prior to SY2013-2014 and did not re-enroll in another degree-granting public high school continue to be tracked in the cohort of their most recent school and are included in the state and sector statistics. These schools include: Capital City Upper PCS, Maya Angelou PCS – Shaw, Spingarn, Spingarn STAY, and Transition Academy.

<sup>a</sup> There are four (5) students who are assigned to the State Cohort and are not included in the sector and demographic breakdowns.

<sup>b</sup> Graduation rates are not applicable (N/A) for the following schools due to the schools closing: Capital City Upper PCS, Maya Angelou – Shaw Campus, Spingarn, SHS, Spingarn STAY, and Transition Academy; however, the students attending these schools are included in the overall State and Sector graduation rates. Please note that Spingarn SHS had eight (8) 3-year graduates that received a high school diploma prior to the school closing in SY2012-2013.

<sup>c</sup> Graduation rates are not applicable (N/A) for E. L. Haynes PCS, Paul PCS and Richard Wright PCS for Journalism and Media Arts because these schools did not have 12<sup>th</sup> grade class yet in SY2013-2014. In addition, the number of students in these cohorts was suppressed (<25) due to the cohort being below the minimum n-size of 25 students; however, the students attending these schools are included in the overall State and Sector graduation rates.

<sup>d</sup> The number of graduates and graduation rate are suppressed (DS: Data Suppression) for SEED PCS due to their cohort-size being below the minimum n-size of 25 students

<sup>e</sup> Graduation rates are not provided for individual non-public schools, however the 225 students attending these schools are included in the overall DCPS Cohort graduation rate.

<sup>f</sup> Eastern High School did not a 9th grade class in SY2010/2011; therefore, a four-year graduation rate is not possible.
